We're convinced you'll all be thrilled with the activities planned for this summer, including hiking, movies, swimming, field trips, aerobics, computer weaving and electronics workshops. And don't forget about our riding program in Camp Atari-New England, Chesapeake, or Old West (there's a slight additional fee), and waterskiing at Camp Atari-Midwest!

To enroll, phone 800/847-4180 (New York State phone 212/889-5200). Call soon to reserve a space at the camp of your choice.

We can't wait for summer to get here! See you soon!

MEET THE CAMP DIRECTORS

WILLIAM MERRIMAN - CAMP ATARI-MIDWEST: Hi! My name is Bill Merriman and I'm very pleased to be joining the Atari Computer Camps family. I am presently an assistant professor of education at St. Francis College in Brooklyn, New York, but I have worked with young people of all ages. Besides teaching and camping (I've been involved in camping for over 20 years), my interests include jogging, basketball, racquetball, and of course, computers. I've come to enjoy the practical and recreational uses of the computer, and I look forward to offering our campers a wonderful summer of computers and traditional camping activities, such as swimming, tennis, and the start of many new friendships!

ROBERT WERNER - CAMP ATARI-POCONOS: Hi! I'm happy to be greeting you as a member of the Camp Atari family because I believe Atari Computer Camps have something very special to offer. During my twenty years as both educator and summer camp administrator, I have come to recognize that a good camp must offer two things: FUN and SATISFACTION. What can be more satisfying than to learn the skill of the future? I plan to make sure that fun is not forgotten, with sports, aquatics, campfires, and good healthy exercise as a prominent part of camp. An active mind in a healthy body in a fun-filled environment -- we'll enjoy every minute of it!

JEFFREY WOLFE - CAMP ATARI-SMOKEY MOUNTAINS: Hello, my name is Jeff Wolfe. I've always thought of the summer as a chance both to have fun and to grow as a person. That's why I'm so pleased to be a part of Camp Atari this year. For over twenty years, I've been involved in camping, teaching and coaching, and I don't remember when I've looked forward with so much enthusiasm to the camping season. Camping has been important to me for a long time; as important to me as fencing (a sport that I've been involved with for many years). It will be my pleasure to introduce this sport to those of you who are interested. So...PRINT "En Garde" !!

MARLENE AND DON APPLEBAUM - CAMP ATARI-OLD WEST: Hello from snowy New Jersey! We are Marlene and Don Applebaum, Atari Camp Directors, who despite the wintry weather are looking forward to the summer at Camp Atari-Old West in Danville, California. We have a marvelous program planned with lots of exciting sports and activities, as well as the meaningful computer program. We have spent many summers as camp directors, so we love to play tennis, swim and go camping. See you soon!

LEONARD FAGEN - CAMP ATARI-CHESAPEAKE: Hi, my name is Len Fagen, and I'm looking forward to spending the summer with you this year. I like the summertime and I enjoy camp. I have three sons with whom I regularly enjoy camping, backpacking and canoeing. I also enjoy swimming, tennis and almost every outdoor or indoor sport. This summer both you and I will have an opportunity to enjoy the bits and bytes of computers along with the outdoor activities provided at camp. I am sure we will all go home with many happy memories.

MARIANNE AND WILLIAM KRAVITZ - CAMP ATARI-PACIFIC: We are counting the days until the summer season begins at Camp Atari. We have both spent many seasons in camping, but view the coming season as a really special one. The Atari people have put together a fine program, and we are anxious to be a part of it. Marianne is currently an elementary school teacher and very athletically oriented. I teach secondary school and coach baseball and basketball. We met at camp, making the summer seasons very special. We cannot wait to meet the new staff and the many campers who will join us during the summer of '83.

JEROME SINGER - CAMP ATARI-NEW ENGLAND: My name is Jerry Singer, and I am the director of Camp Atari-New England in Massachusetts. I teach social studies and computers in a New York City high school. My wife, Renee, is completing law school, and our daughter, Laura, is getting ready to enter medical school. Stephen, our son, is working hard at Hunter College High School. In past summers, it has been my pleasure to direct other summer camps, and I am anticipating this summer and the unique set of experiences it promises.

PEN PALS

Interested in keeping in touch with fellow Atari Campers, sharing programming ideas and exchanging special hints? How about an Atari Computer Camps pen pal? Just send us a letter with your name, address, the camp you attended or at which you are currently enrolled, and your level of computer expertise (beginner, intermediate, advanced). We'll send you a post card with the name and address of another camper from our pen pal pool at a similar level of computer interest.

Sound like fun? Drop us a line.
